## **Generation X**

Your heroes stare with glossy smiles - Fridays Angels They always had that special style - Fridays Angels Standing naked dressings at trial - Fridays Angels You'd give anything to be there for a while -Fridays Angels

You're made up - played up and feeling great

Made up - played up and feeling great

Made up - played up and feeling great

But the mirror knows - you're a proper state

You paint a face that's toppled kings - Fridays Angels

Dressed in the drag of a killer thing - Fridays Angels

Loaded - tough to prove you're alive - Fridays Angels

It's a hard hard world but you'll survive 
Fridays Angels

You're made up - played up and feeling great
Made up - played up and feeling great
Made up - played up and feeling great
But the mirror knows
The mirror knows - you're a proper state
Mum and dad think you're a maniac
To walk the streets dressed up like that
When you go out you won't be back

You'll risk the vampires on a friday night And you don't care you know you're right And you don't care you know you're right And you don't care you know you're right And you don't care you know you're right
