

You Might Recall

Genesis

Cm **Fm**
1. What was it you said to me
Cm **G7**
Back in the days when things looked fine
Cm **Fm**
'bout how we would be together
Cm **G7**
Until we left the earth behind

Oh, it's funny how things can change
Cos there was a time I thought I'd be the one
Who'd even start again
But now I stay forever

F **C** **G**
R1: Ooh my hopes are as the leaves upon the water
F **C** **G**
Just sunk in the night
F **C** **G**
And though I know you couldn't care, you oughtta
F **C** **G**
Ah, the end of a life
Eb **B** **F**
Or maybe when you're older, and you're thinking back
Eb
You might recall
B **F**
Now did I act carefully, did I do right?
Eb **B** **F**
Or were we meant to be, all of our lives
Eb **B** **F**
In love and harmony, all of our lives?

B **F** **C**
R2: So now, take my hand
B
Come, hold me closely
F **C**
As near as you can
B **F** **C**
Believing all that we could be
B
And all that we have been
F **C**
And all that we are

Cm **B** **Ab** **B** **Cm** **B** **Ab** **B** **Cm**

2. Everyday seems summertime
The river flow with wine
Ooh when you were here with me
I wish we'd stayed that way forever

R1: Ooh my hopes...

R2: So now, take my hand...
