

Don't Keep Me Lonely Too Long

George Jones

It sure gets lonely, alone
No one to talk too, alone
Night sure gets longer since you've gone
Don't leave me lonely, too long.

I need your arms, holdin' me
And hear you say you, need me
Don't let me live on dreams alone
Don't leave me lonely, too long.

Memories are bad
For someone so lonely
My tortured heart cries out
Because it knows it won't be lonely.

Yes, I'm too lonely, alone
Afraid of being, alone
Without your love I can't go on
Don't leave me lonely, too long

Don't leave me lonely, too long...
