

It's OK

George Jones

It's okay that you are leaving, it's okay if you don't care
It's okay that you are happy long as I don't interfere
It's okay with me sweet baby, I've been fed up from the start
It so fine to find another sucker, it's okay to break his heart

If you leave, I won't grieve
Leave today, it's okay
That's what you want, honky tonk
It's okay, it's okay, it's okay.

It's okay you found another, it's okay if he wants you
It's okay to leave tomorrow that just what I hope you do
It's okay if your a cheater, it's okay if cheaters win
'Cause it's best to be a loser when your in the shape I'm in.

If you leave, I won't grieve
Leave today, it's okay
That's what you want, honky tonk
It's okay, it's okay, it's okay.

If you leave, I won't grieve
Leave today, it's okay
That's what you want, honky tonk
It's okay, it's okay, it's okay...
