

Jesus, Hold My Hand

George Jones

Jesus hold my hand I need the every art
Through this troubled land protect me by your side
Hear my feeble plea oh Lord look down on me
For I need your light to guide me day and night blessed Jesus hold my hand
As I travel through this troubled land there's a friend who walks with me
Guide me safely through the sinking sand it is the price of calvary
This would be my prayer to Lord each day to help me do the best that I can
When I kneel and pray I hope to meet you there blessed Jesus hold my hand
Jesus hold my hand...
Blessed Jesus hold to my hand
