

Size Seven Round (Made of Gold)

George Jones

With all my love, my dreams and plans
I placed a ring upon your hand
To tell the endless love we found
Loves golden band, size seven, round

Size seven, round and made of gold
This circle joins us heart and soul
And it won't let our love grow cold
Size seven, round and made of gold.

The years have passed, our ring is old
But time can't tarnish pure loves gold
Each day our love is young and new
There's just no end to love that's true.

Size seven, round and made of gold
This circle joins us heart and soul
And it won't let our love grow cold
Size seven, round and made of gold.

Size seven, round and made of gold
This circle joins us heart and soul
And it won't let our love grow cold
Size seven, round and made of gold.

Size seven, round and made of gold
