Take Me

George Jones

Take me, take me to your darkest room Close every window and bolt every door The very first moment I heard your voice I'd be in darkness no more

Take me to your most barren desert A thousand miles from the nearest sea The very moment I saw your smile It would be like heaven to me

There's not any mountain to rugged to climb No desert too barren to cross Darlin', if you would just show a sign Of love, I could bear with all loss

Take me to Siberia

And the coldest weather of the winter time

And it would be just like spring in California

As long as I knew you were mine

Yes, it would be just like spring in California As long as I knew you were mine

Take me, take me
