

# Famous Last Words of a Fool

George Strait

I told her I wouldn't miss her  
And oh, as she walked through the door  
I couldn't care less if she didn't care any more  
And with tears in my eyes, I lied  
I was glad we were through  
As she drove away crying  
At the famous last words of a fool

Famous last words of a fool  
Famous last words of a fool  
You won't break my heart  
And I don't love you  
The famous last words of a fool

The first night without her  
Would be easy, I kept telling myself  
All the while dying  
At the thought of her lying somewhere else  
There'll be nothing to it  
I'll easily find someone new  
As my breaking heart echoed  
The famous last words of a fool
