

Drop Down Mama

George Thorogood

Drop down mama, let your daddy see
You got something goin' down baby, worryin' me
But my mama don't allow me stayin' out all night long
She says, "Son, you're much too young
To let some woman treat you wrong"

Jack of Diamonds told his queen of spade
Come on baby, you may go down and creep away
But my mama don't allow me stayin' out all night long
She says, "Son, you're much too young
To let some woman treat you wrong"

Got a woman in Texas, got a woman in Tennessee
Got a woman in California, she's all crazy 'bout me
But my mama don't allow me stayin' out all night long
She says, "Son, you're much too young
To let some woman treat you wrong"

Drop down mama, let your daddy see
You got something goin' down honey's that worryin' me
But my mama don't allow me stayin' out all night long
She says, "Son, you're much too young
To let some woman treat you wrong"
