## **Drop Down Mama**

## **George Thorogood**

Drop down mama, let your daddy see You got something goin' down baby, worryin' me But my mama don't allow me stayin' out all night long She says, "Son, you're much too young To let some woman treat you wrong"

Jack of Diamonds told his queen of spade Come on baby, you may go down and creep away But my mama don't allow me stayin' out all night long She says, "Son, you're much too young To let some woman treat you wrong"

Got a woman in Texas, got a woman in Tennessee Got a woman in California, she's all crazy 'bout me But my mama don't allow me stayin' out all night long She says, "Son, you're much too young To let some woman treat you wrong"

Drop down mama, let your daddy see You got something goin' down honey's that worryin' me But my mama don't allow me stayin' out all night long She says, "Son, you're much too young To let some woman treat you wrong"
