

# I Was Made That Way

Geri Halliwell

I guess I'm a bad girl  
I learned to make you cry  
I'm hanging my guilty conscience  
Drying on the line

Love's hangover is drifting away  
I'm good and ready for love  
'Cause I know it's a Saturday

Heaven should help me  
You are my weekend lover  
Just my plaything  
When it's raining  
I'm just like the weather  
Never the same  
I can't help it  
I was made that way

I guess you're a bad boy  
Fooled around for years  
I'm making my mind up, Baby  
A change is good my dear

Love's hangover is drifting away  
I'm good and ready for love  
'Cause I know it's a Saturday  
Heaven should help me  
You are my weekend lover  
Just my plaything  
When it's raining  
I'm just like the weather  
Never the same  
I can't help it  
I was made that way

Heaven should help you  
You better run for cover  
I'm sunshine and thunder  
It's a wonder

And when I say good bye  
I want you to stay  
I can't help it  
I was made that way

Heaven should help me  
You are my weekend lover  
Just my plaything  
When it's raining  
I'm just like the weather  
Never the same  
I can't help it  
I was made that way

Heaven should help you  
You better run for cover  
I'm sunshine and thunder

It's a wonder  
And when I say goodbye  
I want you to stay  
I can't help it  
I was made that way

I was made that way  
And I'm here to stay, Baby

I was made that way  
And I'm here to stay, Baby
