I Was Made That Way

Geri Halliwell

I guess I'm a bad girl
I learned to make you cry
I'm hanging my guilty conscience
Drying on the line

Love's hangover is drifting away I'm good and ready for love 'Cause I know it's a Saturday

Heaven should help me
You are my weekend lover
Just my plaything
When it's raining
I'm just like the weather
Never the same
I can't help it
I was made that way

I guess you're a bad boy Fooled around for years I'm making my mind up, Baby A change is good my dear

Love's hangover is drifting away
I'm good and ready for love
'Cause I know it's a Saturday
Heaven should help me
You are my weekend lover
Just my plaything
When it's raining
I'm just like the weather
Never the same
I can't help it
I was made that way

Heaven should help you You better run for cover I'm sunshine and thunder It's a wonder

And when I say good bye I want you to stay I can't help it I was made that way

Heaven should help me
You are my weekend lover
Just my plaything
When it's raining
I'm just like the weather
Never the same
I can't help it
I was made that way

Heaven should help you You better run for cover I'm sunshine and thunder It's a wonder
And when I say goodbye
I want you to stay
I can't help it
I was made that way

I was made that way
And I'm here to stay, Baby

I was made that way
And I'm here to stay, Baby
