

# We Won't Give Up

Get Scared

So pack your bags  
I think it's time you leave  
And I don't have much to do with the way you're thinking

There must be something wrong  
But what's that something wrong with me?  
And I want to be told  
Give up, give up  
And let this go

You hold my heart  
Tighter than a crutch  
You've had enough  
And it's all too much for me

There must be something wrong  
But what's that something wrong with me?  
And I want to be told  
Give up, give up  
And let this go

We've come too far  
To let you down  
We've come too far  
To turn back now  
And the stars are calling out for me  
Just let me give you the best of me

And I can tell that this is overdrawn  
Can't you tell that this is all too hard for me?

There must be something wrong  
But I can't see what's wrong with me  
And I want to be told  
Give up, give up  
And let this go!

We've come too far  
To let you down  
We've come too far  
To turn back now  
And the stars are calling out for me  
Just let me give you the best of me

We won't, won't  
Let this go  
We won't, won't  
We won't let this go  
(Give up, give up and let this go)  
(Give up, give up and let you go)  
Whoa, Whoa  
We won't let this go  
(Give up, give up and let this go)  
(Give up, give up and let you go)

We've come too far  
To let you down

We've come too far  
To turn back now  
And the stars are calling out for me  
Just let me give you the best of me

We've come too far (Whoa...)  
To let you down (We won't give up, give up and let this go)  
We've come too far (Give up, give up and let you go)  
To turn back now (Whoa...)  
And the stars are calling out for me (We won't give up, give up and let this  
go)  
Just let me give you the best of me (Give up, give up and let you go)

(We won't give up, give up and let this go, give up, give up and let you go)

I will let you go.
