

## Live Fast Die Fast

GG Allin

Me and the boys are, we're living for the night  
We're looking for adventure, we're looking for a bloody fight  
Always on the run, we're never gonna do what's right  
We're looking for chicks and we're looking for kicks  
We're living fast and we're living right

Live fast, die fast  
Don't worry 'bout the crash  
Hell bound on the coursecrash  
Living in the alley with the rest of the trash

Ah we're never slowing down, we're gonna party tonight  
We don't care 'bout nothing we're living like rats in a sewer pipe  
You'll never stop us now, when we're running the red light  
Pick up a few racks at the corner store  
We're gonna get wild in the streets tonight

Live fast, die fast  
Don't worry 'bout the crash  
Hell bound on the coursecrash  
Living in the alley with the rest of the trash

Live fast, die fast  
Don't worry 'bout the crash

Hell bound on the coursecrash  
Living in the alley with the rest of the trash

Me and the boys are, we're living for the night  
We're looking for adventure, we're looking for a bloody fight  
You'll never, you'll never stop us now, you see we're running the red light  
We're looking for some chicks, we're looking for some kicks and  
We're living fast and we're living it right

Live fast, die fast  
Don't worry 'bout the crash  
Hell bound on the coursecrash  
Living in the alley with the rest of the trash
