

Just Like Me

Gilbert O'Sullivan

There's a swinging little place
On the outskirts of town
There's a rocking little band
That will have you jumping up and down-
You just grab your car and take a drive
And you will see
You'll be rocking just like me

If you don't want to dance
You can watch the band play-
I can guarantee you they're worth
Every minute of your stay-
So just grab your car and take a drive
And you will see
You'll be rocking just like me

Just like me baby just like me
Just like me baby just like me
Just like little richard oohing
Just like chuck berry cruising
Baby wait and see

Over in the corner
Sitting all on her own
Sits a little lady by the name of joan
Joan is there to help you
If you need a hand
But only for a price you understand
