

I'm Just In Love

Paul Gilbert

Mama if you think I'm too crazy
I'm just in love
Mama if you think I'm too lazy
I'm just in love

Mama I know you remember
How it felt so hot in December
Mama if you think I'm crazy
I'm just in love

Mama from the moment I saw her
I was in love
Mama gonna make her your daughter
I'm so in love

Mama I know you remember
How it felt so hot in December
Mama if you think I'm crazy
I'm just in love

Mama we're gonna be married
Some time next February
So sing a song
There's nothing wrong with me
I'm just in love

Mama we're gonna be married
Some time next February
So sing a song
There's nothing wrong with me
I'm just in love
I'm just in love
I'm just in love
I'm just in love
