

Follow You Down

Gin Blossoms

Did you see the sky?
I think it means that we've been lost
Maybe one last time is all we need
I can't really help it
If my tongue's all tied in knots
Jumping off a bridge is just the farthest
That I've ever been

Anywhere you go, I'll follow you down
Anyplace but those I know by heart
Anywhere you go, I'll follow you down
I'll follow you down, but not that far

I know we're headed somewhere
I can see how far we've come
But still I can't remember anything
Let's not do the wrong thing
And I'll swear it might be fun
It's a long way down
When all the knots we've tied have come undone

Anywhere you go, I'll follow you down
Anyplace but those I know by heart
Anywhere you go, I'll follow you down
I'll follow you down, but not that far

How you gonna ever find your place
Running in an artificial pace
Are they gonna find us lying face down in the sand
So what the hell now we've already been forever damned

Anywhere you go, I'll follow you down
Anyplace but those I know by heart
Anywhere you go, I'll follow you down
I'll follow you down, but not that far
