

# Let's Play Two

Gin Blossoms

Dig in, girl  
You're gonna get your hands dirty  
Swinging, from your heels  
Roundin' third  
But baby, don't worry  
I'll show you how it feels  
'Cause I camped out at home plate  
And girl I can't hardly wait

Let's play two  
Me and you  
Let's play two

'Cause you've been on deck  
Waiting to play  
The sun's coming out  
From a rain delay  
Let's play two  
Let's play two

From April 'til October  
It ain't over 'til it's over  
No matter what they say  
I know I made a big mess  
It's tough to be so careless  
But I won't let you slip away  
'Cause I know I started late  
And girl I can hardly wait

Let's play two  
Me and you  
Let's play two

'Cause you've been on deck  
Waiting to play  
The sun's coming out  
From a rain delay  
Let's play two  
Let's play two  
Let's play two  
Let's play two

Let's play two  
Me and you  
Let's play two

'Cause you've been on deck  
Waiting to play  
The sun's coming out  
From a rain delay  
Let's play two  
Let's play two  
Let's play two  
Let's play two
