

As Time Goes By

Girls Under Glass

In the dark we are walking in the past as time goes by
In the dust we are talking in our lust time is with us
In the dark I see your eyes in the past as time goes by
In the dust I see your smile , In our lust time is with us

I hear you calling from far away
From the horizon come back to me
I am screaming in your direction
And I know You'll be away
Forever and ever... you'll be away
Come back to me
