

# Love Is In My World

Girls Under Glass

Love Is In My World

Gently my soul is touching your dreams  
Softly my tear drops on to your body  
The tragic of existence makes my dream breathe  
Although my body now wants to leave

Love is in my world  
It lets me cry a tear  
It makes me feel so real - WITHIN YOU

Love is in my world  
It makes my dream come true  
I feel it in my heart - WITHIN YOU

Endless dreams are wrapping all over my spirit  
Pushing me into endless loneliness  
Of our reality and the bottom pit  
Of all the ongoing worldliness
