

Christmas is for Children

Glen Campbell

Christmas - is for children
Just for children
Grown up's save

Santa's found the chimney
That's for children
Like the reindeer
And the sleigh

That same tale is told
Every Christmas Eve again
We may think we're old
But our hearts can almost believe again

Christmas - is for children
But aren't we all children
Christmas day-ay-ay

That electric train
That no one could tempt papa with
Will someone explai-ain
Why it's all that papa will bother with

I guess Christmas - is for children
But aren't we all children
Christmas day...
