

Count on Me

Glen Campbell

If your plans work out
You know I only wish you the best
But if you uses just half of your love
Give me the rest
I'll take it

If you will make a choice
So I would'nt try to stand in your way
I'll just be keepin' my fingers crossed
Might even pray
That he'll let you go

If you need love
You can always count on me
To do what it's best for you
Say what you want me to

If you need love
And he doesn't keep you feeling good
And you know you're misunderstood
Think of what we used to be
You can always count on me

And if you're passing by
Don't hesitate to knock on my door
You can tell him I'm someone
You feel sorry for
It's all right

Just introduce me to
The stranger who has taken my place
I'll keep my loneliness covered
Put my pain in it's place
And he'll never know

If you need love
You can always count on me
To do what it's best for you
Say what you want me to

If you need love
And he doesn't keep you feeling good
And you know you're misunderstood
Think of what we used to be
You can always count on me

'cause if you need some love
You can always count on me
To do what it's best for you
Just say what you want me to

Girl, if you need love...
