

# Don't Pull Your Love/Then You Can Tell Me Goodbye

Glen Campbell

Don't pull your love out on me baby  
If you do, I think that maybe I'll just lay me down  
and cry for a hundred years  
Don't pull your love out on me, honey  
Take my heart, my soul, my money  
But don't leave me here, drowning my own tears

You say you're gonna leave  
Gonna take that big white bird  
Gonna fly right out of here without a single word  
But you know you'll break my heart  
When I watch you close that door  
'Cause I know I won't see you any more

Kiss me each morning for a million years  
Hold me each evening by your side  
Tell me you love me for a million years  
if it don't work out  
if it don't work out  
Then you can tell me goodbye

Sweeten my coffee with a morning kiss  
Soften my dreams with your sigh  
After you've loved me for a million years  
if it don't work out  
if it don't work out  
Then you can tell me goodbye  
(repeat chorus)

if it don't work out  
if it don't work out  
Then you can tell me goodbye
