

# Just This One Time

Glen Campbell

I gotta try, just one more time  
To help you-ou believe me-ee  
Won't you look into my eyes  
And read my face for lie-hies

Then you might see  
That my life's never been  
Everythi-ing that I wanted i-it to be-ee-he  
But with you I could change this ba-ad luck  
With you I could hold my hea-ea-ead up

Sweet darlin', ju-ust this one ti-i-hme  
I really need some-a-one to believe in me  
Believe in me  
Ju-ust this one ti-i-hme  
I really need some-a-one to leave it with me  
To breathe it with me  
To get beneath it with me darlin'  
Ju-ust this one time

I gotta say the perfect thing  
I can't make mistakes now-ow-ow  
I just gotta read your signs  
I gotta write those magic li-hines  
So you can hear  
And God knows I've given you  
Every reason in this who-ole wide wor-orld to fear me-  
ee  
When my love's a ragin' river-her  
And you trapped it in your ha-a-hands

Sweet darlin', ju-ust this one ti-i-hime  
I really need some-a-one to believe in me  
Believe in me, ju-ust this one ti-i-hime  
I really need some-a-one to leave it with me  
To breathe it with me  
To get beneath it with me now, darlin'  
Ju-ust this one time

Ju-ust this one ti-i-hime sweet darlin'  
Ju-ust this one ti-i-hime  
I really need someone
