

Written All Over Your Face

Glenn Hughes

Seems you've been gone too long
Something is going on
When you walked out the door
It was written all over your face

You know I couldn't see
It's gone from my memory
There's no use in telling me
It was written all over your face

I don't feel like holding on
Something inside is gone
You're not that good for me
And it was written all over your face

Strange dreams are haunting me
You treat me like a refugee
That ain't the way that it should be
And it was written all over your face

And I don't want to think about tomorrow
And I don't want to live in yesterday
Now there's something wrong, what's going on
I believe in faith and it keeps me strong
I won't be turning my head no more
It is written, it is written

So many years ago
Now I've gotta let you go
Same as it's always been
And it's written all over your face

Thanks for the charity
Thanks 'cause you lied to me
Thanks for the jealousy
It was written all over your face

Oh I, I'm gonna break that old tradition
You'd better find humility
But you are too blind to see
Oh I, you know I found a new condition
'cause I want my life to be
To bring love and harmony
Now it's time to set you free
Right now
