

# Stoplight

Gloria Gaynor

Stoplight  
Stoplight  
Hold it right there  
Don't proceed unless you care  
Stoplight  
Only turns green  
When my heart is sure you won't treat it mean

Just gettin' over a hit and run  
And let me tell ya, it ain't no fun  
I couldn't give you the right of way  
Till I believe every word you say

I took a ride for too much lyin'  
Spun my wheels and left me cryin'  
So understand, it's love I'm heedin'

I've had my fill of speedin'  
It's a case of live and learn  
Read all signs before you turn  
Love came in and left so fast  
It shook me up  
A classic case of whiplash

Stoplight  
Stoplight  
Hold it right there  
Don't proceed unless you care  
Stoplight  
Only turns green  
When my heart is sure you won't treat it mean

You've so good lookin' you drive me wild  
But I've been over some rugged miles  
I'd like to go where you have in mind  
But I'd be crossin' the yellow line

And so I'll pass with just a kiss  
Conditions say no more than this  
The lane of love, it's fast and wicked  
What's really cold, it gets no ticket

I've had my fill of speedin'  
It's a case of live and learn  
Read all signs before you turn  
Love came in and left so fast  
It shook me up  
A classic case of whiplash

Stoplight  
Stoplight  
Hold it right there  
Don't proceed unless you care  
Stoplight  
Only turns green  
When my heart is sure you won't treat it mean

And if your love is really true  
I'll give my everything to you  
Till then I'm flashin' you a

Stoplight  
Stoplight  
Hold it right there  
Don't proceed unless you care  
Stoplight  
Only turns green  
When my heart is sure you won't treat it mean  
[repeat last verse and fade]
