

# Desolate Path to Apocalyptic Ruin

Goatwhore

The Seething Light Inhales  
Breath Of Mourned Delight

Awaiting... The Storm  
Blood, Fire, Chaos, And War

From The Black Abyss

Damnation... Of The Pure  
Fires Consume Eternity

The Quest For Higher Pain  
Endless Trail To An Extinct Plain  
Obsessed With The Murdering Hand  
This Numbness Covers My Mind

Blind... Slowly  
Breaks My Laws

Almighty... Gods Of War  
Besiege The Holy Throne

Light... Betrays Me  
This Is My Alone

Drifting On The Winds  
Beneath Midnight Skies  
Coldness Covers My Latent Eyes  
Snake Skin Forms To Ignite Sin

Smearing The Hatred Of Disgust  
Upon The Faces Of The Meek  
Their Lips Burn With The Taste Of Plagued Virtues

The Hands Of Destiny Are Non-Immortal  
Deaths Foretold Of Past  
Condemned To Repeat This Disease

Loss Of Divinity

Divine Loss Of Sight

Black As The Cold Silence  
I've Felt The Wars Of The Empires

Breaking This Seal Inside For The Son Of All Wars  
For The Reign Of A Forgotten Faith  
Conversion Of The Flame To Fall To Sea  
Filling The Oceans With All, Now I Will Become The Seas

I Contest This Prayer To My Hatred  
All Man's Lies Fall Into Sea To Exist

Reburn This Seal For A Closing Of Might  
The Divine Bound To Writhe Into Eternity  
This Is My Blame For The Loss Of The Sky  
To Declare War Over These Lips Of Spite
