

# Burying Your Past

Gob

**Gm**  
1. You used to shine like a  
**As**  
diamond all the time  
**F**  
But now you forgot all your  
**Gm**  
dreams forgot the times  
**As**  
That you had gravel in your knees  
**Eb F**  
and I raised you back to your feet  
**Gm**  
And now you're watered down  
**B F**  
there's nothing left burning inside

**Eb B Eb F**  
R1: So many times I fell on my face and  
**Eb B Eb F**  
you lifted my spirits back to place  
**Eb Gm Eb F**  
I hope the pieces are all around  
**Eb B Eb F**  
the puzzle of you burying your past

**Gm As**  
2. And if that perfect smile isn't  
**B**  
the perfect lie you're faking again  
**Gm As**  
Wake in the morning bleeding  
**Eb**  
from my back and dying  
**F**  
Because you neglect your heart  
**Gm**  
I have so many emotions  
**B F**  
Passions burning in my heart

R1: So many times I fell...

**Gm--As--B--** (4x)

R2: So many times I fell on my face and  
you lifted my spirits back to place  
I hope the pieces are all around  
**Eb Bb Eb F Gm--Bb-F--Gm(hold)**  
the puzzle of you burying your past
