

## Extra, Extra

Gob

extra, extra! read all about it!  
everYone in every state thinks everyone is free.  
i don't know,  
i have a feeling every form of media is fucking with our heads  
and filling us full of shit. that's ok, they're so fucking lame  
,  
they're so lame, they're so fucking lame.  
i don't know,  
i think i heard about a guy that bought a gun  
and went on a killing spree because of something he saw on tv.  
every time i read the paper i get more disgusted then the time  
i read before.
