

# I Wasn't Born to Follow

Godflesh

Your eyes, I wasn't born to follow  
I can survive, you always try  
To enslave my free mind

You followed me in your dreams  
Hiding, but on my trail  
You found me

Follow me

Now your eyes, I wasn't born to follow  
I can survive, you always try  
(To enslave) my free mind
