

Bad Religion

Godsmack

Get back!

Can you feel I'm not like you anymore
I can't see I cant breathe
See you quiver like the dogs on the streets
Looking down on as I beat you

It's a bad religion from a broken nation
It's a contradiction
And I cant take it anymore

Whos to say I wont like you anyway
Take a deep breath I'm alive
Can you hear me I'm alive inside of you
Agony creeps up behind you...

It's a bad religion from a broken nation
It's a contradiction
And I cant take it any fucking more

It's a bad religion from a broken nation
It's a contradiction

Can you feel it? I gotta live it with everyday
I cant take the pressure, I'm goin insane
Now go away!
Go away!
