

Circles

Golden Earring

I'm up and you're kinda low
Are you provin', that you don't want me no more
Mixed up and I'm all alone
And I'm ridin' around in circles

I've been up, I've been way down low
I've been up and down that road before
I've been up and down that road before
I've been ridin' around in circles
Ridin' around in circles
Yeah, yeah

Everyone knows the way, everybody's right
And everyone knows' where everybody's drivin' at

I've been right, I've been wrong
I've been uptown and I've been pitiful
I've been racked, I've been sold
I've been ridin' around in circles

High, low, I've been down the streets where I once met you
I've been hot, I've been really really cold
I've been ridin' around in circles
Ridin' around in circles
Yeah, yeah!

Everyone knows the way, everybody's right
And everyone knows' where everybody's drivin' at

Don't mind that I don't know where to go
Every night I've been dreamin' that I'm not alone
Everywhere I go...
Early in the morning, late at night
In the evening, all day by your side, yeah

I give up, no more
I've been up to it and I've been here before
I've been broke, for a loan
I keep ridin' around in circles

You look beautiful baby
Walkin' down the sidewalk with that chip upon your shoulder
I've bee hidin', I've been searchin'
I've been ridin' around in circles

Everyone knows the way, everybody's right
And everyone knows' where everybody's drivin' at

You've been hidin', I've been ridin'
