If a nigga owe me money put it in a bullet, aim it right there  
Goddamn go, go, no show nigga don't fuck around about here  
'Cause niggas get here same niggas know I plead to the kids  
Kids now can't fight no more, they just gun you down out of feat  
And I ain't never had fear  
And I don't shoot or gift fair  
And I'm as bad as these kids now 'cause I kill anything near  
And trigger never had heart, the heart's been in the kids  
Get Crisco when they might young, niggas set you up here  
And yeah I don't know the end near

Dancin' why the niggas get the reckless  
Forty on me had to tuck the necklace  
Grab my waist and had to double check them just in case he checkin' what I think he checkin'

Nine nine two's now my jeans cuffed, niggas thought he finna fuck the scene up
