Gomez

I could be the guy at the end of the street
High on caffeine
Ranting and raving, baby
And that's okay
At least I've got options

Or I could be the one that gives it all up
And moves back to the parent's house
Live in the basement, baby
And that's okay
At least I've got options

All the things you'll see
And the places you'll go
All the people you meet
Everybody wants you
Or wants to be you

I could settle down, be responsible
Be a good man
Learn how to fix things, baby
And that's okay
At least I've got options

Or I could try and learn what I unlearned
Move into business
And make loads of money for gullible people
That's okay
At least I've got options

All the things you'll see
And the places you'll go
All the people you meet
Everybody wants you
Or wants to be you

I never wanted to change you
I only wanted to share
No, I don't believe, I don't believe
Starting over and over again
Over and over again

Somebody who understands and loves me
Despite all my weaknesses, baby
And that's okay
At least I've got options

All the things you'll see
(All the things that you wanted to see)
And the places you'll go
(All the places that you wanted to go)

All the people you meet
(All the people that you wanted to meet)
And the lovers you've known
(All the lovers that you wanted to know)
Everybody wants you

Or wants to be you

Over and over again

Over and over again
