

# Wait for the Blackout

Goo Goo Dolls

Don't you ask me to come out  
out when the sun does shine  
Gonna stay here with curtains drawn  
in darkness you'll be mine

Let's wait for the blackout  
The lights are too bright  
Let's wait for the blackout  
Wait for the night

Well welcome to my basement flat  
No windows to see through  
With darkness closing in, my friend  
We both know what to do

Let's wait for the blackout  
Wait for the night  
Let's wait for the blackout  
The lights are too bright  
Yea!

Let's wait for the blackout  
The lights are too bright  
Let's wait for the blackout  
Wait for the night

Come roam with me upon this earth  
Keep us both alive  
Know everything has lasted here  
And ne'er would survive

Let's wait for the blackout  
The lights are too bright  
Let's wait for the blackout  
Wait for the night

In darkness there is no sin Light only brings in fear There's nothing to corrupt the eyes  
There is no vision here At first you may find it strange  
But do not go away  
The darkness holds a power that you won't find in the day  
There is no vision here
