

World Watching

Good Old War

Oooo

I knew this was a dream
I suddenly awoke
I wonder if they could see
The world is watching me
Got to keep moving
Got to keep moving on
(It's good to know you're here)
Got to keep moving
Got to keep moving on
You'll see

I hit a bump in the road (I hit a bump in the road)
It's shakin' thoughts in my soul
I'll keep my guilty hands clean from now on (I keep my guilty h
ands clean)
The world is watching me
Got to keep moving
Got to keep moving on
(It's good to know you're here)
Got to keep moving
Got to keep moving on
You'll see

Whatever good may be
I make it up as I go
A leading role in a silent movie
The world is watching me

Got to keep moving
Got to keep moving on
(It's good to know you're here)
Got to keep moving
Got to keep moving on
You'll see

Got to keep moving
Got to keep moving on
(It's good to know you're here)
Got to keep moving
Got to keep moving on
You'll see
