

Blues Before Sunrise

Gov't Mule

I have the blues before sunrise, tears standing in my eyes
I have the blues before sunrise, tears standing in my eyes
It was a miserable feeling baby
Feeling I do despise
Had to leave, leave you baby
Know you done me wrong
Had to leave you baby
Because you know you done me wrong
I gotta pack up my few things
And run after what I've done

I have to leave you baby, leave you all alone
Leave you baby, leave you all alone
Well, I gotta pack up leave you darlin'
You know you do me wrong

Well now goodbye, goodbye baby
See you some rainy day
Oh now, goodbye baby, I'll see you on some rainy day
Now you can go 'head now
Can't let you to have your way
