

## Sarah, Surrender

Gov't Mule

For so long I've been watching you  
Never thought I could cut through the distance  
Woman, I know what you've been through  
And I understand your resistance

But something's different today  
I feel you breaking away

Sarah, surrender yourself to me  
We will always remember the day we broke free  
I feel your heart beating faster, I think it's finally time  
Sarah, surrender your soul into mine

Oh from the first moment that you looked at me  
I couldn't catch my breath  
I wanted to be part of your mystery  
But it scares me to death

But something's different today  
I feel me breaking away

Sarah, surrender yourself to me  
We will always remember the day we broke free  
I feel your heart beating faster, I think it's finally time  
Sarah, surrender your soul into mine

Oh give me one more time  
Aw yeah, oh

But something's different today  
I feel us breaking away

Sarah, surrender yourself to me  
We will always remember the day we broke free  
I feel your heart beating faster, I think it's finally time  
Oh, yes I do  
Sarah, surrender  
Oh, come on  
Sarah, surrender  
Oh, surrender  
Sarah, surrender  
Your soul into mine  
Surrender your soul into mine
