

## Dressed Up

Graham Colton

You got your mother's dress on  
You got your father's eyes  
You got your girlfriends waiting  
They're on the lawn outside

Ring around your finger  
Pocket full of gold  
Climbing out your window  
Old enough to know  
Running down the driveway  
It's about to blow  
Shining like a diamond  
Running Wild

All Dressed Up and old enough to know  
All Dressed Up and old enough to know

You got 'em at attention  
They got you in their sites  
The credit card is paying  
And yeah you don't think twice

Wrapped around your finger  
Time to hit the road  
You Tell 'em where they're going  
Old enough to know  
Singing out the window  
Gotta let 'em know  
Shining like a diamond  
Running Wild

All Dressed Up and old enough to know  
All Dressed Up and old enough to know

Dressed Up and On the way over  
Dressed up you never waste time  
Dressed Up and On the way over  
Dressed up you never waste time  
Dressed Up and On the way over

All Dressed Up and old enough to know  
All Dressed Up and old enough to know
