

City Hall

Graham Coxon

Going down to the city hall, a billion lights in front of me
Going down to the city hall, a billion lights in front of me
Going down to the city hall, a billion lights in front of me
Going down to the city hall, going down to the city hall

Going down to the city hall, a billion lights in front of me
Going down to the city hall, going down to the city hall
Going down to the city hall, going down to the city hall
