

Leave Me Alone

Graham Coxon

Too much information for our minds to comprehend
This is a joke that's being played to keep us all desensitized
And under strict control of those in power raking in the dough
While souless people wander gagged and silent
Wishing they could scream
Leave me alone
Leave me alone
Leave me alone
Leave me alone

It's good to talk if you still can
With your emotions locked inside
A safety that is just as fake as your prescription drug
That holds the promise of another day
But makes you numb to all the shit
They put you through from day to day
That makes you want to scream

Leave me alone
Leave me alone
Leave me alone
Leave me alone

We're nothing, we're laughing
We're laughing, we're nothing

Leave me alone
Leave me alone
Leave me alone
Leave me alone
