

El Salvador

Grand Funk Railroad

Freedom for me yeah
Freedom for the rest of my people
Freedom for you yeah
Get your freedom knocked down on the floor
El Salvador

Don't want no communist gorillas knockin' on my southern door
I see destruction in the world in a hundred places or more
Are you another uprisin' leading to a worldwide war
Well you can go too far cause I want my freedom

Freedom for me yeah
Freedom for the rest of my people
Freedom for you yeah
Get your freedom knocked down on the floor
El Salvador

If you give in to communism you will be done for ever more
So tell all your people to be lookin' for a troubadour
To save your life and save what you've been livin' for
Cause lookin' at you adds a threat to our freedom

Freedom for me yeah
Freedom for the rest of my people
Freedom for you yeah
Get your freedom knocked down on the floor
El Salvador

Freedom for me yeah
Freedom for the rest of my people
Freedom for you yeah
Get your freedom knocked down on the floor
Oh freedom freedom freedom
Freedom leads on for ever more
Freedom for you yeah
El Salvador El Salvador
Hear me talkin' to you
El Salvador El Salvador
Oh oh oh ah ah ah
El Salvador
