

## Three Days At Sea

Great Lake Swimmers

First day I was lost at sea  
And I had nothing to eat  
But I thought home was near  
I found myself in an unfamiliar place  
My first night on an unfamiliar tide

Second day I woke up  
Had almost forgotten  
That I had never thought  
To try on different colour robes  
And I faced down in the  
In the sand there I was  
Lucky to be alive  
Lucky to have survived

And on the third day  
I was bleeding so I  
Collapsed on the beach  
And I died of hunger  
And when they found me  
They saw how much I  
That I had changed I have

I have changed I have
