

# I Was a Teenage Teenager

Green Day

I don't want to freak you out but I cannot lie  
I don't want to freak you out but I cannot lie  
So who's holding the drugs? Who's holding the drugs?  
I don't want to freak you out, but I cannot lie

I was a teenage teenager full of piss and vinegar  
Living like a prisoner for haters  
I was a teenage teenager, I am an alien visitor  
My life's a mess and school is just for suckers

I don't want to freak you out but I cannot lie  
I don't want to freak you out but I cannot lie

So who's holding the drugs? Who's holding the drugs?  
I don't want to freak you out, but I cannot lie

I was a teenage teenager full of piss and vinegar  
Living like a prisoner for haters  
I was a teenage teenager, I am an alien visitor  
My life's a mess and school is just for suckers

I was a teenage teenager full of piss and vinegar  
Living like a prisoner for haters  
I was a teenage teenager, I am an alien visitor  
My life's a mess and school is just for suckers
