

19 Life

Greg Laswell

Greg, you can't make it go away
You cannot block that radio
Throw it away, long way
It is in the airwaves

Like Jesus Christ he's on the phone
On his own talk radio show, in a way
Long way
Campaigning, awaiting

My nineteen inch life
My room sky-high
My nineteen inch life
My room sky-high

Amen, you're gonna blow out of your skin
You're gonna (... off me)
(End of then and there)
(Where) will you be my friend (then)

Greg, you can't make it go away
You can't block that radio
Throw it away, long way
It is in the airwaves
