Take Everything

Greg Laswell

You say the sky is green I don't know what you mean Your lies were always clear But I don't mind No I don't mind I don't mind

Go on and take everything from me and more Go on and take everything from me and more

You say the sky is blue As long as I'm with you Funny then what did you go do But i don't mind No i don't mind I don't mind

Go on and take everything from me and more Go on and take everything from me and more Go on and take everything from me and more

You have your reasons why You've got them all in line You think that I am blind But I don't mind No I don't mind I don't mind

Go on and take everything from me and more Go on and take everything from me and more Go on and take everything from me and more

Go on and take everything from me and more (take everything) Go on and take everything from me and more (take everything) Go on and take everything from me and more (go on and take everything) Go on and take everything from me and more
