

Smile

Gregory Isaacs

It's best to rise with a smile on your face
Just like the sunshine all over the place
Don't be like the night when it's dark
'Cause darling, you're the nearest to my heart

Why won't you dance, dance, dance this reggae music?
Dance, dance, dance this rebel music
Your friends all say you must dance with me
So darling, come on and let it be

All your friends say you must dance with me
So darling, come on and let it be
Don't sneak around and just stay with me
Now darling, put on your dancing shoes
Come on and dance, dance, dance this rebel music
Dance, dance, dance this rebel music
Dance, dance, dance this rebel music

Dance, dance, come on and dance this rebel music
Dance

Come on and dance!

It's best to rise with a smile on your face
Just like the sunshine all over the place
Don't be like the night when it's dark
'Cause darling, you're the nearest to my heart

Why won't you dance, dance, come and dance this rebel music?
Dance, dance, dance this rebel music
Dance, dance, dance this rebel music
Dance, why won't you dance
Dance, dance this rebel music
Dance, dance, I said dance this rebel music
Dance, dance, dance this rebel music
Dance, dance, I said dance this rebel music...
