

Water

Gregory Porter

Water pouring down the side walks
Cleaning widows... clear to see
Washing gum drops downside gutters
Rusting chains and saving me

Greening gardens
drowning ants
changing rhythms bruising plants
praying vista soulfully
and again it's same
old
me
ooooo
oooo, wash me, wash me, wash me
oooooo let me rest in you
let me flow away to glory
save me, save me, save me

Water pouring down the side walks
Cleaning widows... clear to see
Washing gum drops downside gutters
Rusting chains and saving me

Greening gardens
drowning ants
changing rhythms bruising plants
praying vista soulfully
and again it's same
same me
water water, water
