

# Unfriend You

Greyson Chance

I really thought you were the one  
It was over before it begun  
It's so hard for me to walk away  
But I know I can't stay

You're beautiful and crazy too  
Maybe that's why I fell into you  
Even though you would pretend to be  
You were never with me

So it's over yeah we're through, so I'mma unfriend you  
You're the best liar ever knew, so I'mma unfriend you  
Cause I should have known, right from the start  
I'm deleting you right from my heart  
Yeah it's over, my last move is to unfriend you

I thought in time that you could change  
And my time and love would heal the pain  
And I didn't want this day to come  
But now all I feel is numb

So it's over yeah we're through, so I'mma unfriend you  
You're the best liar ever knew, so I'mma unfriend you  
Cause I should have known, right from the start  
I'm deleting you right from my heart  
Yeah it's over, my last move is to unfriend you

You come on to everybody  
Everybody all the time  
You give up to anybody  
What I thought was only mine

Oh oh oh  
Oh oh oh  
Oooooooooh

So it's over yeah we're through, so I'mma unfriend you  
You're the best liar ever knew, so I'mma unfriend you  
'Cause I should have known, right from the start  
That you didn't have a human heart  
Yeah it's over my last move is to unfriend you  
Unfriend you

Yeah yeah yeah yeah  
Whoa oh  
Oh oh oh  
Oh oh oh  
So I'mma unfriend you  
Oh oh oh  
Oh oh oh  
So I'mma unfriend you
