

You Might Be The One

Greyson Chance

Some people call me crazy
But I don't think I'm crazy
To believe that you and me could be something
To believe that you and me could be something

Some people say you're no good
But they don't know what's good for me
If it isn't you then I don't need nothing
If it isn't you then I don't need nothing

When the lighting strikes
And the rain comes down
I'll be all right
I'll dance in your storm

When the thunder roars
In the darkest night
I see your light
You bring me back home

I feel a fire burning my soul
That's how I know
That's how I know

It's like desire pulling me in
When I shouldn't go
That's how I know
That I am sold...
That you might be the one
Yeah, you might be the one

Some people think it's stupid
But I don't think it's stupid
To be young and put yourself over me
Don't need directions
This is where I wanna be

When the lighting strikes
And the rain comes down
I'll be all right
I'll dance in your storm

When the thunder roars
In the darkest night
I see your light
You bring me back home

I feel a fire burning my soul
That's how I know
That's how I know

It's like desire pulling me in
When I shouldn't go
That's how I know
That I am sold...
That you might be the one
That you might be the one

(You might be the one)
That you might be the one
The one...

I feel a fire burning my soul
That's how I know
That's how I know

It's like desire pulling me in
When I shouldn't go
That's how I know
That I am sold...
That you might be the one.
